Mark Watson Seeks to Join Hillsboro School Board

HILLSBORO OR - Hillsboro technology company founder and Century High School parent, Mark Watson has announced his candidacy for Board Position 2 with the Hillsboro School District 1J for the coming election on May 16, 2017.

Mr. Watson and his family have lived within the Century feeder area since 2001. He is a product of public education and credits his success in the technology fields to quality schools he attended in his youth.

Together with his wife Ginny, Mr. Watson has supported education enrichment programs not only for his own kids, but for all kids in our community.

Mr. Watson brings a wealth of business experience to the position as a founder of a sports technology company here in Hillsboro that employs graduates from Hillsboro high schools.

“I know first-hand the financial and societal value of ensuring our students graduate high school, college or career ready. If elected to this position, I will work hard to support students and strengthen Hillsboro schools. The road before us is filled with challenges and I am ready to contribute thoughtful and decisive guidance.”
